

2022 Hwy 14 C.L.A.S.I.C.

Crop, Livestock, and Soil Innovation Conferences
March 2nd in Lamberton

2 CCA Credits: 1 Soil & Water Management Credit & 1 Crop Management Credit

Benefits & Challenges of Soil Health Practices and The Basics of Carbon

The Crop, Livestock, and Soil Innovation Conferences (CLASIC) provides a unique opportunity for those in ag industry to network on the latest trends and innovations. The CLASIC consists of 4 stops that bring both expert keynote speakers and local farmers to a city near you for a convenient way to learn how they are successfully implementing the latest crop, livestock, and soil innovations

Keynote Speaker: Dorian Gatchell - "Conservation BMP's: Some Successes, Misses, & Even Some Unintended Consequences"

BS Agronomy/soils – South Dakota State University, MS Agronomy – Iowa state University. Certified as CCA and CPAg from American Society of Agronomy. Worked in Agronomy field since 1994, in agribusiness to 2009, then founded an independent agronomy consultation company; Minnesota Agricultural Services. Advises crop growers on all aspects of crop production with a focus on profitability with professionalism and high standards in economics, technology and environmental stewardship.

Keynote Speaker: Don Reicosky - "Soil Carbon Management To Improve Soil Health"

Don Reicosky is a retired Soil Scientist for the USDA-ARS, North Central Soil Conservation Research Laboratory, Morris, MN, and Adjunct Professor in the Soil Science Department, University of Minnesota, St. Paul. Later research focused on tillage and residue management measuring gaseous losses of soil carbon following intensive tillage with a portable chamber. In retirement, he continues to write about carbon management and environmental issues.

Also Featuring:

Local farmers discuss economics, trouble-shooting, and logistics of using soil health management on their farms. Each stop on the tour features Dorian, Don, and local farmers.

Brian Pfarr - No-till corn & soybeans, cover crops, small grains, active on-farm research, a farmer mentor for the MN Soil Health Coalition

Ethan Quade - Experimenting with different tillage systems and cover crop combinations

Ramont Schrock - Experimenting with different tillage systems and cover crop combinations

Rick Maurer - No-till soybeans, small grains, experimenting with cover crops, a farmer mentor for the MN Soil Health Coalition

- 9:30-9:45 Registration
- 9:45-10:00 Welcome & Introductions
- 10:00-11:00 Keynote –Dorian Gatchell
- 11:00-11:10 Break
- 11:10-12:00 Keynote - Don Reicosky
- 12:00-12:45 Lunch
- 12:45-1:00 Partner Programs
- 1:00-2:00 Farmer Panel

Highway 14 Dates and Locations
